

Keepit Kleen

Cleaning Services

Keepit Kleen is an owner-operated cleaning company based in Onslow that services the diverse commercial and industrial cleaning requirements of clients ranging from resource industry giants to local businesses.

Cleaning Services

Keepit Kleen is an owner-operated cleaning company based in Onslow that services the diverse commercial and industrial cleaning requirements of clients ranging from resource industry giants to local businesses.

We pride ourselves on our capacity to offer tailored cleaning solutions designed to meet the specific needs of our clients. To this end we have entered a joint venture with CoreStaff, an Australia-wide recruitment, workforce management and HR consulting firm.

This ensures Keepit Kleen has both the personnel and technical resources required to service additional contracts without any reduction in our high standards of customer service.

Our association with CoreStaff enables us to offer our clients the flexibility and speedy response associated with a small company as well as the systems and stability of a large organisation.

Keepit Kleen remains very much a 'hands-on' organisation with strong local management deeply committed to the business and its place in the Onslow community.

This is reflected in our long-standing policy of hiring and training indigenous employees to work alongside our non-indigenous staff.

Keepit Kleen is proud of its capacity to deliver superior-quality, specialised services to our customers in an efficient, timely and cost-effective manner.

If you would like to know more about our services and how we would handle your cleaning requirements contact us today on 0427 342 493.

KEEPIT KLEEN VALUES

In the Pilbara how you do things is just as important as what you do. As a result we try to ensure Keepit Kleen and its staff always conduct business in a manner consistent with these values:

- **Accountability** – We take individual and collective responsibility for the commitments we make to our clients and our colleagues.
- **Efficiency** – We aim to 'Make it easy. Make it quick. Provide value for money.' We pride ourselves on having a straight forward, no nonsense approach to business.
- **Flexibility** – We pride ourselves on being flexible in tailoring our services to meet the specific and often diverse needs of our clients.
- **Integrity** – We say what we do and do what we say. We have high standards of ethics, trust and honesty.
- **Safety** – Keepit Kleen has a strong and unconditional commitment to providing a safe and healthy work environment. Our goal is to do no harm to our employees, clients, stakeholders and the environment whilst providing high quality cleaning services. We have implemented an occupational health and safety management system to ensure the appropriate assessment and management of OHS issues.

The CoreStaff Safety Commitment

Health and Safety is the core of Corestaff's recruitment process, led by the CEO in a top down approach where all staff take responsibility for ensuring successful safety performance.

Zero harm – Safety is a priority for Corestaff's clients and staff and as such they work closely with our clients to identify and control health and safety risks, reduce the potential for accidents, aid legislative compliance and improve overall performance. We all want our people to return home each day free from any injury. Before placing employees with clients Corestaff conduct thorough, documented site risk assessments where they identify potential hazards and ensure clients have processes and procedures to manage any risks.

CoreStaff have invested in a team of OH&S professionals to ensure they achieve a goal of ZERO harm, and ensure that staff undertake regular and ongoing training in safety principles.

CONCLUSION

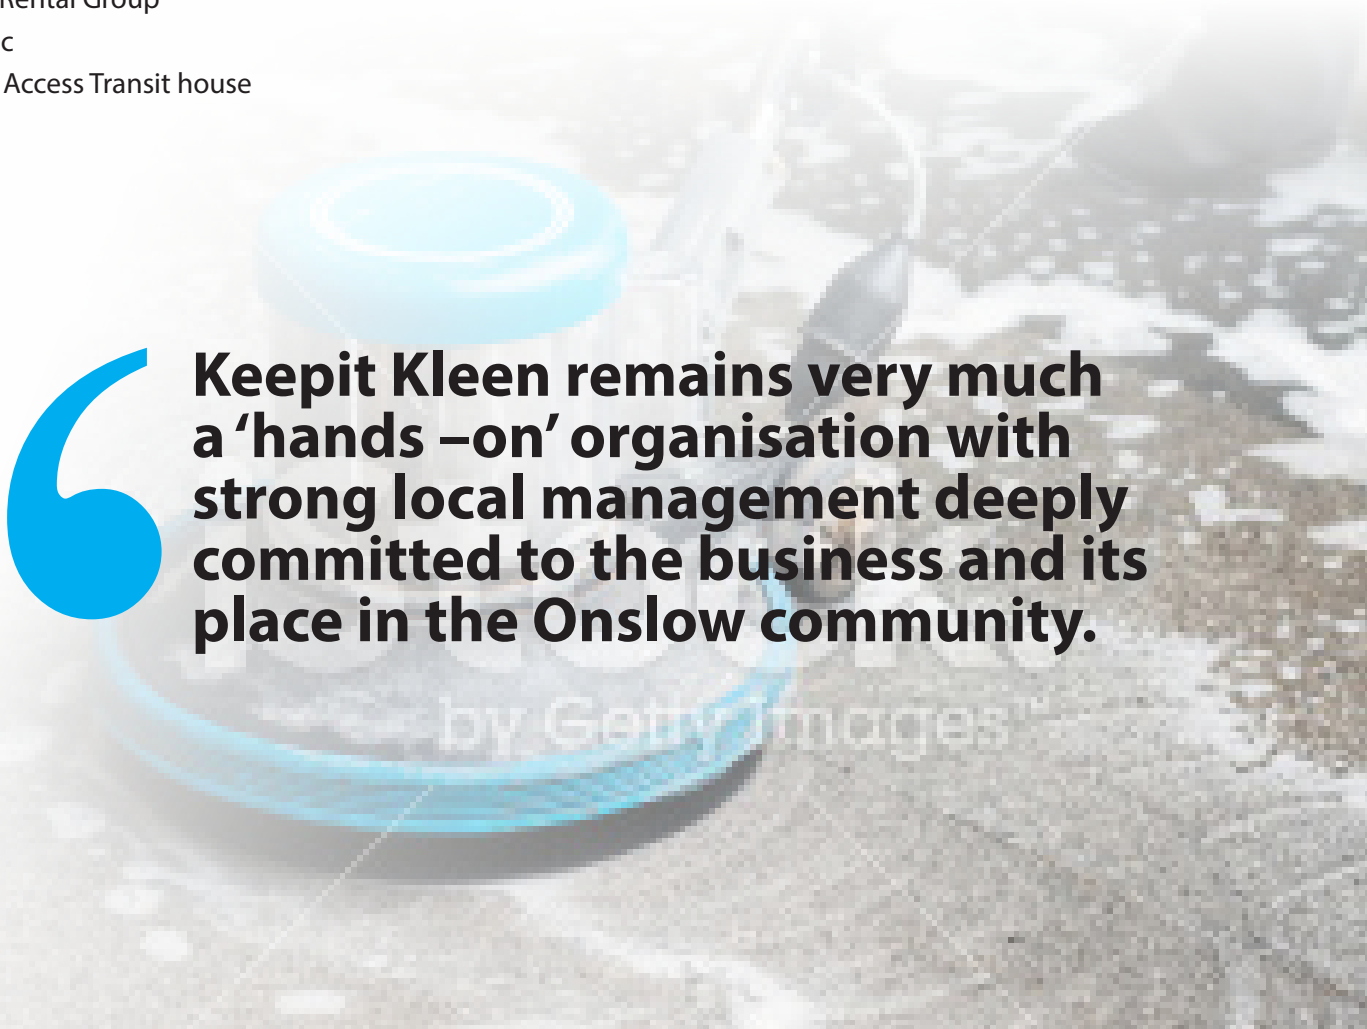

Keepit Kleen welcomes the opportunity to discuss on a confidential, obligation-free basis how we could tailor our services to meet your cleaning requirements. Thanks to our joint venture with CoreStaff we have the capacity to quickly scale up our manpower and technical resources to meet new challenges anywhere in the Pilbara region.

Keepit Kleen looks to the future confident that the attributes that enabled it to become one of the leading commercial and industrial cleaners in the Pilbara will underwrite its continuing growth and development.

- A capacity to tailor cleaning services to meet the specific needs of clients.
- Pilbara based owner-management with a strong commitment to the Onslow community and the employment of Indigenous staff
- High professional standards and a no-nonsense pragmatic aim to, 'Make it easy, make it quick and offer value for money.'
- An unconditional commitment to providing a healthy and safe work environment.

Keepit Kleen remains very much a 'hands-on' organisation with strong local management deeply committed to the business and its place in the Onslow community.
